

**The Number One
Income Opportunity
in South Africa!**

www.multisure.co.za

Are you Satisfied with Your Financial Position?

We present to you an opportunity to start earning a monthly income or to just supplement your current income over and above what you are earning right now ... for LIFE and without any RISK! Many of us have experienced what you are experiencing right now which is likely to be one of the following:

1. Lack of finances - this does not necessarily mean great riches. Maybe you just want to earn enough to settle your debts and live comfortably.
2. No job satisfaction - just the thought of going to work and facing the people and environment leaves a bad taste in your mouth. Not to mention the commuting to and from work.
3. Lack of free time - you don't have the time to spend doing the things you really want to do. Quality time with your family, that hobby you would like to spend more time on, etc... the freedom to do what you want, when you want.

For how long have you wanted to change this? Have you given up all hope already? How much would you give to change things in your life? Are you ready to stop hoping and do something about it?

Let us get a few things straight first

Set your mind at ease ... our system offers these benefits:

- no selling of health, beauty or cleaning products
- no stuffing of envelopes, typing labels, etc
- no "donations" to charity
- no huge "investments"
- no special skills needed
- no experience needed
- no compulsory weekly meetings or presentations
- minimum administration
- no direct marketing unless you choose to
- it won't clash with what you are currently doing
- a hassle free business opportunity

Our Business Concept

This business is based on the concept of Network Marketing. Why Network Marketing? Because it is currently the most powerful wealth building opportunity in the world, creating more millionaires than any other industry.

So what exactly is Network Marketing you may ask? Let us explain it by way of a practical example:

You visit a new restaurant in town and you are very impressed with the quality, service and low prices. As a result you tell your friends and family about it and they also tell their friends and family until soon, a lot of people have visited the restaurant. This is known as word-of-mouth advertising and guess what? The restaurant earned lots of extra money through your word-of-mouth advertising.

The Concept that Works!

Did they send you your commission for doing so? Maybe you should go ask for it but just watch it... you might be thrown out. On a more serious note and if one really thinks about it... wouldn't it be fair if you were compensated in some way for increasing the restaurant's income?

Now, Network Marketing is based on exactly the same concept BUT you are rewarded for your word-of-mouth advertising. For every person who joins our opportunity or subscribes to one of our products through your efforts, you earn commission from us because that is just fair - not so? In fact, we don't only pay you based on your efforts alone but also on the efforts of those in your team whom you help to also earn money through our system and we pay you on unlimited width and 4 levels deep!

Earn extra income doing what you do naturally and get Paid For It?

Is this not a Pyramid Scheme?

Due to its success, many illegal pyramid schemes are started all over the world every day resembling legitimate Network Marketing structures whilst offering no real product or service of value. These schemes are designed with one thing in mind - making a "quick buck" at all costs and soon many people burn their fingers, lose money and then go on to blame the entire Network Marketing industry. The concept of Network Marketing is a legitimate one offering millions of people a better life, no matter what their circumstances or background. All that you have to do is find the right company whose operations are legal and ethical - not a pyramid scheme.

What will you be doing?

All you need to do is SPREAD THE WORD AND DO SOME MINIMAL FOLLOW-UP with those whom you tell about our income/business opportunity. The same way you would ask your friends or family how they liked the food at the restaurant, you can simply ask them what they think about the information brochure, web site presentation or DVD you handed to them to have a look at.

What about other people whom you do not know? There are many proven ways of building an income with us using e.g. the internet, emails, adverts in newspapers, notice boards, etc and it just depends on how you would like to do the business. You will receive the relevant training and excellent team support to help you tap into the vast potential market you have access to in South Africa.

Remember - thousands of people, just like you, are searching for a legal, ethical and easy way to earn extra income so the market is wide open. Now you can offer this opportunity to them and get paid for doing so. We will teach you how to put things in place so that you maximise your chances of getting people to join your team when you deal with them in person or via the internet. If they also start doing the business, you will be earning commission from us based on how successful you and they are in promoting our products and income opportunity to others.

Can you Succeed?

Despite the fact that Network Marketing is creating more millionaires than any other industry in the world today, there are many people who do not succeed with it. Why?

Because MOST people ...

- Don't like trying to convince others to buy expensive products
- Don't want to have to convince others to "invest" thousands of rands in products that will end up in the garage
- Don't have the necessary skills to explain the business to others because it is too complicated
- Are not interested in endless explanations about how "wonderful" certain products are compared too much cheaper alternatives
- Don't know how to use technology to their advantage
- Are not "marketers" or "sellers" at heart and are expected to do the impossible in reaching goals and targets

**So they don't do the work
because they don't like the work!**

How would you then make a SUCCESS of YOUR BUSINESS if so many other people fail in the Network Marketing industry? The answer is quite simple ...

How it Works

With our system YOU WON'T HAVE to depend on others to do what they don't like doing and most probably will NOT be doing, because with automated follow up systems and dedicated staff available to answer questions on your behalf, WE DO THE CHALLENGING WORK FOR YOU so you CAN also BENEFIT from the network aspect of Network Marketing, without the hassles, stress and strains of worrying about how you would deal with technical questions, admin queries, etc. We let you concentrate on what really matters: word-of-mouth advertising and building your business.

Minimum Requirements to Join our Income/Business Opportunity

To be successful with us you need to ...

- be 18 years of age or older
- be teachable
- have the desire to succeed and change your circumstances for the better

3 Easy Steps!

STEP 1

Join the business, part-time or full-time. We explain this below.

STEP 2

Get at least 10 friends who would like to earn extra money to join the business as well, no matter where they find themselves in South Africa. How? Simply hand or send out enough of our brochures/DVD's to others or direct people to your very own and FREE replicated web sites. We will show you how.

You can also advertise on the internet and, if you are interested, we will show you how, when and where. We will follow up on those internet prospects via email, send them the necessary information and if they decide to join, our fully automated system will sign them up in your team/organisation ensuring that you make money. All these members above will become part of your 1st level.

STEP 3

Start earning!

You earn a SIGN-UP BONUS of R50 per new member joining on your first level and R5 per month after that for as long as they pay their premiums. R5 for each of your 10 friends who join (level 1) = R50 per month.

Up to now you have earned R500 from the 10 friends who joined on your 1st level (10 x R50 sign-up bonus) and you earn R50 per month from them for as long as they pay their premiums.

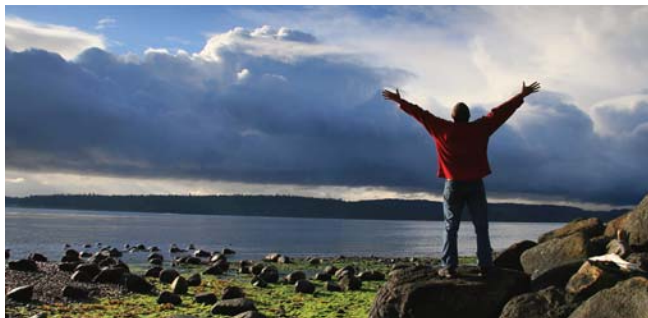

Your Potential

Now that is NOT a lot of money BUT ... your 10 friends will also follow Steps 1 and 2 if they want to make extra money. That shouldn't be a problem because that is why many of them will join in the first place. You now earn R7 each from the 100 people who join on your 2nd level = R700 per month.

BUT WAIT... this is only the BEGINNING!

The 100 people on level 2 will also follow Steps 1 and 2.

You will now earn R9 each from the 1000 people who join on your 3rd level = R9000 per month and ALL YOU DID was introduce 10 friends who then also did the same. On your 4th level you will be earning R3 x 10 000 = R30 000 commission!

HERE IS AN EXAMPLE OF YOUR POSSIBLE INCOME:

LEVELS	MEMBERS	EARNINGS
1	10 x	50
2	100 x	700
3	1000 x	9000
4	10 000 x	30 000

Total earnings per month: R39 750

(*To earn commission on levels 2-4 you must recruit 2-4 members per month until you reach the Platinum level. This will be explained to you at training.)

**Your NEW FUTURE can start right here ... RIGHT NOW!
decide today to Better your Circumstances. Join this
Dynamic Opportunity being offered to You now!**

These monthly earnings on each level are paid to you each and every month for life, provided premiums are paid. In fact, it is paid even longer than your lifetime as your children (or whoever you choose) can inherit this business and therefore continue to earn the income you have built up! Now how's that for leaving your spouse or children a good inheritance - one that never stops earning money!

Bonuses

In addition to the above we also pay out bonuses and other incentives like travelling and accommodation at regular intervals as you progress in the business.

Be Financially Independent

We are sure you will agree that you can earn a huge extra income with this business, even if you work it on a part-time basis. So why not take advantage of this opportunity and become financially independent?

How can I become part of this Opportunity?

At this stage you are probably already wondering, "Now how do I become part of this great opportunity?" As we all know, a "FREE" opportunity that really pays a good income is not possible. There simply is no ethical and legal opportunity that can offer you that. We offer you the opportunity to start your own business from your home or office, part-time or full-time, and though it's not "FREE", your entire business, will cost you only +-R298 to start and thereafter between R50 to R100 per month to be deducted by debit order or paid directly into our bank account. If you are older than 59 then your business might cost you a little more to maintain per month.

**Regardless of your Background,
Circumstances, Education or Experience, You
can achieve Financial Freedom with us! We are
doing it for many others and We can do it for You!**

What do You get in Return for Your Money?
