What is Funeral Insurance?

Funeral Insurance provides you and your family with protection against high funeral expenses in the case of your own death or that of a family member.

Why Funeral Insurance?

Nothing comes more unexpected and causes greater heartache and pain in our lives than the sudden loss of a loved one. However, we all have to deal with it at some point in time and the trauma when trying to come to terms with it will be drastically increased if there are insufficient funds available to you or your dependants to cover burial costs and other expenses.

Who is Covered by the Policy?

The Funeral Insurance policy covers you, your spouse/partner and all children (biological and legally adopted) under the age of 21. Children will be covered up to the age of 25 provided that they are still students and dependent on the main member. Any other family members of the main member can be covered at a low additional monthly fee per individual.

When does the Cover Start?

There is a one month waiting period in case of accidental death and six months in the case of natural death.

How do I Claim?

Simply call or visit one of our offices and our staff will assist with processing the claim.

Processing Time?

After receiving all required documentation, we settle claims within 60 minutes.

REPATRIATION

* Free repatriation applies within South African borders only.

The conditions for the Funeral Cover also apply to the Optional Add-on products. Percentage pay-outs apply during the first 24 months where the applicant prefers not to answer the medical questions on the application form and also in the case of pension and disability grant recipients who prefer SASSA to deduct and pay over the monthly premium on their behalf.

A 10% annual increase in premiums and cover applies to all policies.

Policies are underwritten by KGALife.

We have Independent Consultants throughout South Africa who can assist you with taking out a funeral insurance policy.
